

Reference & Support Directory

Test Data

- **Super Admin**
 - URL: **https://10.16.36.3:4200/**
 - Email Address: **admin@test.com**
 - Password: **1234**
- **Officer Admin**
 - URL: **https://10.16.36.3:4200/**
 - Email Address: **officeradmin1@yopmail.com**
 - Password: **User@1234**
- **Drivers**
 - URL: [**https://10.16.36.3:4100/**](https://10.16.36.3:4100/)

Driver1

 - Email Address: **scrap_d1@yopmail.com**
 - Password: **User@123**

Driver2

 - Email Address: [**Khaled4545@yopmail.com**](mailto:Khaled4545@yopmail.com)
 - Password: [**Password@1**](#)
- **Supplier**
 - URL: **https://10.16.36.3:4100/**
 - Email Address: **supplier213@yopmail.com**
 - Password: **1234**
- **Delegate**
 - URL: **https://10.16.36.3:4100/**
 - Email Address: **delegate213@yopmail.com**
 - Password: **1234**

Card Data

- **VISA Card**
 - Number: 40000000000000002
 - CVV: 123

- **MASTER Card**
 - Number: 5498383801606532
 - CVV: 977

Support Contacts

- **Mohamed Omara**
 - Email: mohamed.omara@gizasystems.com
- **Norhan Ashraf**
 - Email: norhan.zaki@gizasystems.com

VPN Credentials

- **VPN1**
 - Email: amarghlani@solutions.com.sa
 - User Name: amarghlani
 - Password: M@c4!9#EzL^vT6Qy
- **VPN1**
 - r.aloufi@jedco.sa
 - User Name: raloufi
 - Password: P^x#U7n@2Mw!zR5q

Setup Steps

- Log in to the VPN.
- Open the browser and enter the certificate link.
- Enter the link to the Admin or User portal.
- Open Site Settings in the browser.
- Navigate to Insecure Content and set it to Allow.
- Refresh the page.
- Enter your credentials to log in.
